### **GENERAL UPDATES**

### **K.** CEO's Report

Jared Ceja spoke of unplanned events that impacted staff and led to a loss of about half a million dollars, namely Hurricane Hilary, two campus strikes, and the atmospheric river. This was due to limited operations and limited students on campus, with the majority of student and part-time shifts cut. Students living on campus were able to work in dining services, with essential full-time staff asked to work on-site as well; others were able to work remotely where appropriate; some moved their day to Saturday; and a few chose to take a vacation day. Jared mentioned that The Current is a property being built not far from campus by a third party. Enterprises is in talks to see if it can have a partnership relationship. CPP's shuttle drives by the property, so there is potential to get dollars out of this project to help subsidy transportation costs; additionally, we would like to operate a market there. The Current has reported that the vast majority of tenants are CPP students, with less than 1% not in that category. 73% is currently booked and is expected to open in May.

Jared reviewed the JLL study findings for student and faculty/staff housing: A demand for potential 2,149 new beds, including 1,761 deficits for CPP and 388 for Mt. SAC, is in line with the recent UHS and UV housing waitlists. An interest in university-affiliated faculty and staff rental and for-sale housing necessitated support for 318 units of rental and 441 units of for-sale housing from CPP and Mt. SAC faculty and staff. Stabilization of traditional construction costs, alternative low-cost construction techniques, grants, or interest rate relief will be needed to align affordability goals with project feasibility metrics.

Jared gave a brief update on Enterprise's branding as the university moves forward with its own branding. We are seeking a logo with variation enough to show that it is part of the university's family but with distinction to show that there is a legal separation. Jared mentioned that other potential brand changes may be coming: SushiBar at Campus Center Marketplace is in talks to switch to Takorean; Round Table Pizza is looking to switch to a version of the Innovation Brew Works food menu; and Saddles Café is looking for a more attractive café that can alleviate the long wait at Starbucks. Jared mentioned a recent Poly Post article regarding Instant Access in which students voiced their positive experience with comments about the program making their semester easier and not having to scavenge for textbooks or buy them individually. Jared highlighted that filming at Lanterman has started to come back after the SAG-AFTRA and AMPTP strikes; a Super Bowl commercial was recently shot there.

# L. Investment Portfolio Report Q2 2023/2024

Overview facilitated by Andrew B. Price and Karin Longhurst, Graystone. The target for equities is 60%, for fixed income 20%, and for alternative or private investments 20%. The actuals were reported as underweight in equities (56.82%) and overweight on fixed income (26.26%). The investment report from June 30 through the end of the year 2023 showed that the portfolio gained \$1.8 million in earnings with a return percentage of 5.02. The portfolio is at a total of just under \$41 million as of December 2023.

A motion was made by Oliver Santos and seconded by Kris Zoleta that the Board of Directors have reviewed the comprehensive quarterly investment report and believe the report to be in compliance with General Investment Policy 131 and recommend approval as presented, and that upon approval, the CEO and CFO are authorized and directed to take any and all action as may be necessary to effectuate this resolution. There was no opposition; the motion was approved.

# M. Capital Budget 24/25

Jared Ceja presented the budget for capital expenditure for FY24–25. The Finance & Investment and Program committees have reviewed the items in detail and approved forwarding them to the Board. Capital expenditures requested cover the divisions of the Bookstore, University Village, Dining Services, Kellogg West, Real Estate, Administration, Information Technology, Agriculture, and CPGE at a total amount of \$5.5 million in new capital requests. Projects are designated as Scheduled Renewals/Security, Programmatic, Deferred Maintenance, ADA-Related, Health & Safety, or Contractual/Legal. A significant portion of the deferred maintenance requests are a result of the Kellogg West facility infrastructure being at the end of its life. Some projects may have components in other designated categories that are not reflected in the report. Execution of capital projects often involves partnerships with the university and/or third-party contractors. The extent of these collaborations is based on organizational expertise, bandwidth, ownership of the property, and other contributing factors. Work is generally prioritized, with health and safety and ADA issues rising to the top. Some funded requests may not be initiated if management concludes that they are no longer feasible, economical, or relevant based on current conditions. Specific items pointed out in the presentation were:

- Round Table: Conversion to IBW Pizzeria: Additional seating, branding, and equipment.
- Saddles Café: Build Out to Convert to a new coffee concept.
- Sushi Bar: Conversion of former Taco Bell space into Takorean-branded concept (trade dress, some construction)
- Emergency and unanticipated needs: Distributions will occur when needed.
- Kellogg West: Elevator Modernization, 1 of 3.
- KW: HVAC fan coil assembly replacement for hotel rooms, Bldg. 1 of 2, HVAC replacement on end-of-life analog systems and replacing end-of-life failing boilers for multiple buildings.
- Farm Store: Complete rebuild of the walk-in freezer and surrounding wall.
- Agriscapes Outreach: Utilities upgrade and extension to reduce rental equipment and expand programming.
- University Village: Concrete (repair hazards, sidewalks, walkways), furniture (apartments), HVAC replacement, painting, floors (routine interior painting, floor replacement due to wear and tear)

A motion was made by Dr. Rita Kumar and seconded by Stephanie Pastor that the members of the Board of Directors have reviewed and approved the presented 2024–2025 capital expenditure budget as presented. There was no opposition; the motion was approved unanimously.

# **N.** CalPERS Employment Agreement for Retired Annuitant Interim

Shari Benson, CHRO, presented the employment agreement for Regina Cash, who will be employed from February 24 through July 12, 2024, as the Interim Assistant Director at CPGE, a vital role that cannot be vacant while recruiting for the position. Miss Cash has experience in the program management arena, having worked at Cal State Fullerton. Her compensation will be at a rate of \$63 an hour with no benefits as she is a retired annuitant.

A motion was made by Dr. David Speak and seconded by Kris Zoleta that the Board of Directors hereby certifies the nature of the employment of Regina Cash as described in the presented employment agreement and that this appointment is necessary to fill the critically needed position of interim Assistant Director for CPGE, which has an immediate need for this essential role and cannot be left vacant, and that upon approval of this resolution, the CEO and CHRO are authorized and directed to take any and all action as may be necessary to effectuate this resolution. There was no opposition; the motion was approved unanimously.

# **INFORMATION & DISCUSSION ITEMS**

# O. Financial Highlights Q2: 2023-2024

Joanne Mathew, CFO reported that as of the end of December, Enterprise& Other Activities is forecasting to be at a bottom line of \$4.5 million with a total operating surplus of \$2.6 million versus a budget of \$2.1 million. Enterprise Activities along with Investments and Administration ended the period with a total fund balance of \$21.4 million as a fund balance. Total fund balance is at \$38.2 million which includes support and other activities. Additional detail was provided in two areas; Kellogg West, with a deficit of over half a million, compared to a budget of \$260,000. With 34 rooms down on the hotel side, along with general expenses, we are forecasting a deficit of \$750,174. Agriculture has been under budget, at a deficit of \$21,000 versus a budget amount of \$290,000, primarily related to Westwind Ranch, a farm where produce sales have not happened as planned.

With the fund balance and net position as of the end of December, available operating resources as of December 2023 are \$33.8 million entirely unrestricted, with \$136 million in current assets. We anticipate having a \$6.2 million surplus at the end of the fiscal year. Total unrestricted funds forecasted for year-end are just under \$40 million.

The cash flow forecast is projected for on a 12-month rolling basis ending November 2024. Details showing the investment balances, and cash activity were presented. The Committee was also provided detail on the goal of maintaining minimal funds for operational activities, followed by maximizing on earnings in investments.

# P. Upcoming 3-Year Performance Review for CEO

Shari Benson, CHRO, informed the board of the upcoming formal evaluation process that is conducted every three years after the CEO's one-full-year term completed in 2021. The timing corresponds with the end of the fiscal year, which allows new board members sufficient time to work with and observe the CEO. A survey will be sent to all board members, non-board members of the board committees, CPPE directors, associate directors, individuals selected by Jared within policy limits, and any other current direct reports to the CEO.

## **OPEN FORUM**

Jared informed the board that this is Joanne's last meeting as she will be stepping down as CFO after  $3\frac{1}{2}$  years. Joanne has agreed to stay part-time to work on special projects and help with the onboarding of the next CFO. Ysabel thanked Joanne for all the help and preparation for meetings and wished her well.

# **ADJOURNMENT**

A motion was made by Dr. Martin Sancho-Madriz and seconded by Kris Zoleta to adjourn the meeting at 3:37 p.m. There was no opposition; the meeting was adjourned.

# **Executive Summary**

Bottom Line: US economy is reflating, posing genuine challenges for the Fed, which is biased to ease; Stock index valuations are not compelling; Pursue active risk management and DIVERSIFICATION given the dependence of this rally on LIQUIDITY and EARNINGS ACHIEVEMENT; Quality cyclicals should catch-up.

- We are forecasting an economic soft-landing where **nominal economic growth slows to roughly 3%-4%**, **half the pace of 2023**; NOT 1994-as we see reacceleration leading to inflation given the lack of slack in the economy.
- Problematically, this economy is the HAVES and HAVE-NOTS; higher for longer should pressure small businesses, lower 2/3rds of consumers, CRE and regional banks.
- US Treasury rates are priced close to tactical fair value with 10-year yields to be 3.50%-3.95% by Q4.
- We expect the Fed to begin cutting in June; inflation remains sticky and still expected to be ~2.5% by January 2025 (MS & Co.).
- We forecast US fixed income markets to ultimately compete with US stock index returns especially once the Fed begins to cut with both grinding out mid-single advances in the most likely case.

#### Key Considerations: Fundamentals INCREASING in importance

- US stocks have emerged from the 2022 bear market; uninterrupted 28% advance since last Halloween to all-time highs is now disconnected from real rates and Fed policy expectations. Better-than-expected economic growth favors cyclical over secular growers who dominate the "Mag 7" as nominal GDP growth remains above 5%
- · Market breadth has improved markedly with the equal weighted index outperforming in the last month.
- US equity valuations are rich at more than 21.7x forward earnings (2024 Q4) and an equity risk premium of only 47bps, levels similar to the end of 1998 before the Tech Wreck.
- Consensus expectations are ambitious presuming disinflationary reacceleration in profits especially in the second half; profit margin expansion and year-over-year earnings growth of 11% in 2024 and 13% in 2025 to \$277/sh imply near record operating margins over 12.2%.
- Stock/bond correlations remain positive; undermining the diversification benefits of 60/40. Finding asset classes uncorrelated to interest rates is difficult.
- Market positioning is complacent with put/call ratios and short interest ratios low despite 10-year rates now up 55bps in the last 12 weeks.

#### Major Investment Controversies

- Path of inflation: Consensus has priced "mission accomplished" toward 2% despite the fact that 1-month, 3-month, and 6-month readings are reaccelerating. Commodities are confirming global drivers of tightening supply chains. GIC believes inflation path is lumpy and services inflation will remain sticky keeping the Fed vigilant and slower than discounted by markets.
- <u>US labor markets</u>: Consensus is pricing modest changes to unemployment. While we think labor markets are reasonably tight, Fed unlikely to cut aggressively without U-3 above 4%; US consumer weakens in 2H2024; record credit card debt begins to weigh on spending. New wildcard is the role of immigration on growth and slowing wage growth.
- Market liquidity and financial conditions: Tailwinds and positive serendipity of 2023 abates; Fed moves to taper QT by April/May to offset US Treasury issuance and regional bank, CRE-related stresses. End of reginal bank funding program also likely to drag.
- <u>Terminal policy rates</u>: Consensus still expecting pre-COVID r-star of sub-1% real rates on 10-year. GIC believes 1.5%-2% or pre-GFC levels are new normal. Higher for longer means lower valuation multiples; as does an admission that we are mid-cycle not at a trough.
- <u>Management execution and idiosyncratic risks</u>: Rising tide of rate cuts unlikely to lift all boats. Navigation requires company specific skill. Prefer active stance. Equal weight over market cap weighted passive index.

#### GIC Guidance for Portfolio Positioning

- Overall, we remain market weight global equities; the US market cap-weighted beta is slightly underweight while we are overweight the equal-weighted benchmark
- MS & Co.'s December 2024 S&P 500 target price is 4,500; it incorporates a view that we will trade in a wide range from 4,100-5,100. That said, we are inclined to neutralize strong factor positionings. We are balancing exposures between defensives and cyclicals, growth and value and mega versus large/mid and small caps.
- Alternatively, we remain overweight fixed income, believing that a higher for longer regime creates opportunities to own better risk-adjusted returns in current coupons with the
  potential for capital gains if rates fade in 2024 as forecast. Munis and IG credit remain decent holds barbelled with short duration Treasuries.
- Outside the US, we prefer Japan based on improving growth and inflation dynamics there and the very inexpensive yen. We continue to also look for stock-specific
  opportunities in Europe and beta opportunities in select EMs like India, Brazil, and Mexico.
- · We also like alternatives in: hedge funds, infrastructure, commodities, residential real estate, and private credit.
- Remaining fully invested to your PERSONAL BENCHMARKS is the best strategy. DO NOT TRY TO MARKET TIME.
- Dollar cost averaging should be patient given potential risks in the near term. LONG-TERM STRATEGIC MONEY should always be deployed in LUMP sums.

Source: Morgan Stanley Wealth Management GIC as of April 10, 2024. Equity risk premium is the excess return that an individual stock or the overall stock market provides over a risk-free rate represents the interest an investor would expect from an absolutely risk-free investment over a specified period of time. R-star is the real short-term interest rate expected to prevail when an economy is at full strength and inflation is stable. Correlation is a statistical measure of how two securities move in relation to each other. This measure is often converted into what is known as correlation coefficient, which ranges between -1 and +1. Perfect positive correlation (a correlation coefficient of +1) implies that as one security moves, either up or down, the other security will move in lockstep, in the same direction.

- (1) Transactions pending valuation are not included until the valuation inclusive of the activity is posted.
- (2) Total Contributions to date may include certain transaction types which do not reduce Unfunded Commitment (e.g. Contribution Outside Commitment, External Fees and Expenses, Sub Close Interest Paid).
- (3) Net Cash Flows Since Last Valuation may include transaction types which do not impact Adjusted Valuation (e.g. External Fees and Expenses, Interest/Income).
- (4) Period end dates other than prior business day will exclude cash flows subsequent to the period end.
- (5) Estimated Profit / (Loss) = Estimated Valuation +Total Distribution to Date Total Contributions to Date
- (6) Fund Net IRR the value displayed in this field was calculated and provided by the Alternative Investments manager. Alternative Investments managers may have varying definitions of what constitutes a "Net IRR." The amount is generally an overall fund IRR and may not represent any individual client's experience in the fund. The following values may also appear in this field, as applicable: "NM" represents IRRs that are determined to be not meaningful during the early stages of the fund's life. "-" represents that a return is not available for the given period.

- Multiple, also referred to as TVPI, total value to invested capital net of the general partners and special limited partners (Capital Distributions + Capital Balance/Capital Distributions).
- Each partnership's net IRR (Internal Rate of Return) should be evaluated in light of information on such partnership's investment program, the risks associated therewith, and partnership performance as disclosed in the respective Offering Memorandum and Annual and Quarterly Reports. Return information calculated on a dollar-weighted (e.g., internal rate of return), since inception basis, which is standard for the private capital industry, rather than the time-weighted (e.g., annual or other period rate of return) basis. Comparison of returns calculated on a net IRR basis with returns on a time-weighted basis is not appropriate. There can be no assurance that unrealized investments ultimately will be realized at the valuations used in calculating net IRRs or Net Multiples or that the calculated net IRRs will be obtained. Actual realized returns will depend on, among other factors, future operating results, the value of assets and market conditions at the time of disposition, any related transaction costs and the timing and manner of sale.
- Capital Called and Capital Distributions are since inception through the report End Date.

Investments in Programs for closed-end investment products are carried as of the most recent valuation date, which may not correspond to the marketable securities valuation dates. Distressed Debt programs are reported with a one quarter lag. For example, if the report 'As of' date is 9/30/YY then Distressed Debt programs are represented using 6/30/YY, or previous quarter values. Private Capital programs are reported with a one quarter lag. For example, if the report 'As of' date is 9/30/YY then Private Capital and Real Estate programs are represented using 6/30/YY, or previous quarter values. Private Investment returns are normally reported as an Internal Rate of Return (IRR). All other Commonfund investment returns are reported as Time Weighted Rates of Return (TWR). For Consolidated Performance reporting purposes, TWRs are used for all individual and composite returns.

Fund performance is depicted net of fees. Manager and strategy performance is net of sub-advisor management fees and gross of other Commonfund Fund expenses. Past performance is not indicative of future performance.

# Memorandum

**Date:** May 29, 2024

**To:** Board of Directors

From: Dr. Phyllis Nelson, Personnel Committee Chair

Shari Benson, Chief Human Resources Officer

Subject: Employee Handbook Changes and Updates

Periodically, Management and the Human Resources Department review and update the Cal Poly Pomona Enterprises Employee Handbook to account for changes in law, policy, practice, and other circumstances. The last update became effective in March of 2023.

While most changes to the updated Employee Handbook are minor, all updates may be found in the proposed version. Significant changes were discussed in greater detail during the Personnel Committee meeting. They include 1) sick time – adjusted wording and days allotted per new California law effective January 1, 2024, 2) added language to clarify that off-campus employment is not tax exempt and 3) leave of absence – added new information on Reproductive Leave based on new law effective January 1, 2024.

The tracked changes version of the proposed updates to the handbook are included in the May 15, 2024 Personnel Committee packet.

### PROPOSED ACTION:

The following resolution is recommended by Management and the Personnel Committee for approval:

**BE IT RESOLVED,** that the Board of Directors has reviewed the resolution and accepts the Personnel Committee's recommendation to approve the updates to the Cal Poly Pomona Enterprises Employee Handbook as presented.

**BE IT FURTHER RESOLVED,** that the CEO and CHRO are authorized and directed to take any and all action as may be necessary to effectuate this Resolution and make the revised Cal Poly Pomona Enterprises Employee Handbook available to all employees.

PASSED AND ADOPTED THIS 29th DAY OF MAY 2024.

John McGuthry, Secretary/Treasurer
Board of Directors

Company determines that this policy has been violated, remedial action will be taken, commensurate with the severity of the offense, up to and including termination of employment. Appropriate action will also be taken to deter any such conduct in the future.

The federal Equal Employment Opportunity Commission (EEOC) and the California Department of Fair Employment and Housing (DFEH)Civil Rights will accept and investigate charges of unlawful discrimination or harassment at no charge to the complaining party. Information may be located by visiting the agency website at www.eeoc.gov or <a href="https://www.dfeh.ca.gov/shpt/-:https://calcivilrighta.ca.gov">www.dfeh.ca.gov/shpt/-:https://calcivilrighta.ca.gov</a>

#### Disability and Accommodation

To comply with applicable laws ensuring equal employment opportunities for individuals with disabilities, the Company will make reasonable accommodations for the known physical or mental limitations of an otherwise qualified individual with a disability who is an applicant or an employee, unless undue hardship and/or a direct threat to the health and/or safety of the individual or others would result. Any employee who requires an accommodation in order to perform the essential functions of their job, enjoy an equal employment opportunity, and/or obtain equal job benefits should contact Human Resources to request such an accommodation. Human Resources will communicate with the employee and engage in an interactive process to determine the nature of the issue and what, if any, reasonable accommodation(s) may be appropriate. In some cases, this interactive process may be triggered without a request from the employee, such as when the Company receives notice from its own observation or another source that a medical impairment may be impacting the employee's ability to perform essential job functions

Employees who believe they need an accommodation must specify, preferably in writing, what barriers or limitations prompted the request. The Company will evaluate information obtained from the employee, and possibly the employee's health care provider or another appropriate health care provider, regarding any reported or apparent barriers or limitations, and will then work with the employee to identify possible accommodations, if any, that will help to eliminate or otherwise address the barrier(s) or limitation(s). If an identified accommodation is reasonable and will not impose an undue hardship on the Company and/or a direct threat to the health and/or safety of the individual or others, the Company will generally make the accommodation, or it may propose another reasonable accommodation which may also be effective. Employees are required to cooperate with this process by providing all necessary documentation supporting the need for accommodation and being willing to consider alternative accommodations when applicable.

The Company will also consider requests for reasonable accommodations for medical conditions related to pregnancy, childbirth and lactation where supported by medical documentation and/or as required by applicable federal, state or local law.

Employees who wish to request unpaid time away from work to accommodate a disability should speak to Human Resources.

### Religious Accommodation

The Company will provide reasonable accommodation for employees' religious beliefs, observances, and practices when a need for such accommodation is identified and reasonable accommodation is possible. A reasonable accommodation is one that eliminates the conflict between an employee's religious beliefs, observances, or practices and the employee's job requirements, without causing undue hardship to the Company.

The Company has developed an accommodation process to assist employees, management, and Human Resources. Through this process, the Company establishes a system of open communication between employees and the Company to discuss conflicts between religion and work and to take action to provide reasonable accommodation for employees' needs. The intent of this process is to ensure a consistent approach when addressing religious accommodation requests. Any employee who perceives a conflict between job requirements and religious belief, per day or week. "Regular benefited" status qualifies the employee for a variety of benefits. These benefits are updated on a regular basis. See the Enterprises <u>website\_Benefit Guide</u> for a listing of current benefits\_<u>and\_information</u>.

### MANAGEMENT COMPENSATION PLAN (MCP)

The Enterprises' Management Compensation Plan (MCP) is designed to cover specific Enterprises employees who have been designated as directors or managers who have primary responsibility for the development and implementation of policies, procedures, practices, and/or guidelines which apply to the Enterprises as a whole, or responsibility for a major operational unit of the Enterprises.

# PART TIME BENEFITTED EMPLOYEES

Part-Certain positions and/or classifications are identified as "part-time benefited" status. Part-time benefited employees are generally scheduled to work 32 hours per week. However, all work shifts are scheduled according to business needs and this status does not guarantee any employee a minimum number of hours of work per day or week. "Part-time benefited" status qualifies the employee for a variety of benefits. These benefits are updated on a regular basis. See the Enterprises Benefit Guide for information of current benefits and information.

### PART TIME EMPLOYEES

Part\_time employees are generally those hired to work a limited number of hours per week (e.g. 20 hours per week or less) and are subject to lay off during seasonal business closures and slowdowns with no guarantee of being rehired. Part time employees are not eligible for certain employee benefits such as health insurance or paid vacation time. Part\_time employees are not guaranteed a minimum number of hours of work per day or week. Part time employees are not permitted to work more than 1000 hours in any fiscal year (July 1st through June 30th) per CalPERS regulations.

#### TEMPORARY EMPLOYEES

Temporary employees are those who are hired for specific project assignments of limited duration. They are not eligible for health insurance or paid vacation time, and their length of employment shall be specified, generally not to exceed three months and are not guaranteed a minimum number of hours of work per day or week.

### STUDENT EMPLOYEES

Student employees are students who are attending Cal Poly Pomona as undergraduate students enrolled in a minimum of 6.0 units each semester or graduate students enrolled in a minimum of 4.0 units each semester, who may work as an Enterprises employee with certain restrictions. Student employee positions are exempt from FICA and therefore do not make contributions to that program. <u>Students that work at off-campus employers will be subject to FICA taxes and will make contributions to that program.</u>

Student employees generally work a maximum of 20 hours per week while school is in session. If the student has more than one job, the 20-hour rule applies to total hours worked in combination with all jobs on campus.

Student employees are allowed one semester off during the college year (summer through spring). During the time off, student employees may work a maximum of 40 hours per week. Students who are only enrolled with College of Extended University or Open University do not qualify for student employment but may be considered for other employment categories such as part time or temporary employment.

Other restrictions may apply. Please contact Human Resources Department to discuss how the rules may apply to your specific situation.

As with part time temporary employees, student employees are limited to working an absolute maximum of 1000 hours per fiscal year (July 1st through June 30th).

Whenever practicable, rest breaks should be taken near the middle of each four-hour work period. Employees may not accumulate rest breaks or use rest breaks as a basis for starting work late, leaving work early, or extending a meal period.

Because rest breaks are paid, non-exempt employees should not clock out for them.

#### RESPONSIBILITIES

Supervisors are responsible for administering their department's meal and rest breaks.

Any non-exempt employee who is not provided with a meal period or authorized and permitted to take a rest break pursuant to the terms of this Policy is immediately entitled to a meal or rest break premium, that is automatically provided through the timekeeping system. Any supervisor who knows or should reasonably know that a meal or rest period was not provided in accordance with this Policy should arrange for a premium to issue to the employee, if it is not automatically provided for some reason. Employees are responsible for reporting to their supervisor any meal break that was not provided or any rest break not authorized and permitted where the supervisor would have no reason to otherwise know of this fact. Any employee who feels they are owed a premium as a result of this Policy, but have not received the premium should report the missing premium immediately to their supervisor.

# SECTION 5 COMPENSATION GUIDELINES

#### PAY GRADES

We use The Enterprises is committed to abiding with the Pay Transparency Nondiscrimination provisions and therefore will not retaliate or any other manner discriminate against employees or applicants because they have inquired about, discussed or disclosed their own pay or of another employee or applicant. However, employees who have access to the compensation information of other Enterprises employees or applicants as a part of their essential job functions (such as those employees who have administrative privileges in the payroll system, budgeting systems or any employee working in Human Resources) cannot disclose the pay of other employees or applicants to individuals who do not otherwise have access to compensation information, unless the disclosure is (a)

Non-exempt employees who work more than 14 hours in a workday may be entitled to additional rest breaks.

in response to a formal complaint or charge, (b) in furtherance of an investigation, proceeding, hearing or action, including an investigation conducted by the Enterprises, or (c) consistent with the Enterprises' legal duty to furnish information.

<u>The Enterprises uses</u> published pay grades and new employees start employment at the minimum pay grade or above. Compensation increases are never guaranteed and are based on a variety of economic and performance factors, including approval by the Associate Executive Director/COO and/or the Executive Director/CEO and/or Board approval of the annual budget.

#### PAY PERIODS

Enterprise employees are paid on a bi-weekly basis, every other Friday or as otherwise communicated.

#### TIMEKEEPING REQUIREMENTS

The Enterprise utilizes a standard timekeeping system for all employees. <u>All employees are required to utilize the timeclock system or work computer to log in. Employees are not authorized to log in from the web or mobile device unless special permission has been granted by the manager.</u> All employees who have logged time for any work paid through Enterprises are required to review and approve their time in the timekeeping system no later than 9:00 am on the first Monday of a new pay period.

Nonexempt employees are required to report accurate working hours for each pay period they work (exact arrival and departure times) and when they depart and return from their meal period. "Hours worked" is defined by law as all-time an employee is subject to the control of an employer, and includes all time that an employee is suffered or permitted to work, whether or not required to do so.

Falsifying or, making unauthorized changes to any timekeeping record concluding in from an unauthorized device will result in disciplinary action including termination of employment.

At the end of the pay period, employees will be asked to confirm 1) that their time cardstimecards are accurate and 2) that they have been relieved of all duty and otherwise provided all of their meal periods and rest breaks during a particular pay period, or in the alternative, to identify any meal periods or rest breaks that they have missed.

At no time may any employee perform off-the-clock work or otherwise alter, falsify or manipulate any aspect of their time-keeping records to inaccurately reflect or hide hours worked, meal periods taken or time spent working during meal periods.

The obligation to accurately record all hours worked does not relieve employees of their obligations to obtain advance approval before working overtime or hours beyond the regular work schedule. Employees who work beyond their regularly scheduled work hours, including overtime or off-schedule hours, without prior authorization are subject to disciplinary action, which may include termination of employment.

All supervisors and employees are responsible for maintaining accurate timekeeping records. All supervisors are required to review and approve the time for their respective employees no later than 3:30PM on the first Monday of each new pay period. Human Resources will communicate variances in this deadline due to holidays, closures or other occasions impacting the ability for supervisors to perform this function.

All time entry problems or errors should be reported immediately to your supervisor.

#### **Exempt Employees**

Employees who are classified as exempt must record absences from work for reasons such as leaves of absence, sick leave or vacation.

#### Requesting Paid Sick and Safe Time

When the need for paid sick and safe time use is foreseeable, employees must provide reasonable advance oral or written notice to their supervisor for any absence from work. If the need for paid sick and safe time is unforeseeable, employees must provide notice to their supervisor of the need to use the time as soon as practicable. In all circumstances, employees must specify that the requested time off is for sick or safe time reasons (as opposed to, for example, vacation time), so that the absence may be designated accordingly. Failure to obtain approval as soon as possible after determining the need to take such time may result in discipline.

#### Rate of Pay for Sick and Safe Time

For nonexempt employees, pay for sick and safe time is calculated in the same manner as the employee's regular rate of pay for the workweek in which the employee uses sick and safe time, regardless of whether the employee works overtime in that workweek. For exempt employees, payment for sick and safe time is calculated in the same manner as wages are calculated for other forms of paid leave time.

#### Carryover

Accrued but unused paid sick and safe time will carry over from year to year.— with the exception of employees that receive the lump sum at the beginning of the year; unused hours do not carry over but reset at the beginning of each calendar year.

# Separation from Employment

Compensation for accrued and unused sick and safe time is not provided upon separation from employment for any reason. If an employee is rehired by the Company within 12 months of separation from employment, previously accrued but unused sick and safe time will immediately be reinstated (up to the maximum of 48 hours or the equivalent of six days (per the employee's previous work schedule)). Rehired employees will be allowed immediate use of this time and to accrue additional paid sick days upon rehiring, consistent with the use and accrual limitations of this policy.

#### Confidentiality

The Company will keep confidential the health information of the employee or employee's covered family member, as well as information related to domestic violence perpetrated against or sexual assault of the employee or employee's covered family member. Such information will not be disclosed except to the affected employee or as required by law.

# Effect on Other Rights and Policies

The Company may provide other forms of leave for employees to care for medical conditions or for issues related to domestic violence under certain federal, state and municipal laws. In certain situations, leave under this policy may run at the same time as leave available under another federal, state or municipal law, provided eligibility requirements for that law are met. The Company is committed to complying with all applicable laws. Employees should contact Human Resources for information about other federal, state and municipal domestic violence, medical or family leave rights.

### No Discrimination or Retaliation

The Company prohibits discrimination and/or retaliation against employees who request, or use paid sick and safe time for authorized circumstances or for making a complaint or informing a person about a suspected violation of this policy. Likewise, the Company prohibits discrimination and/or retaliation for cooperating with city or state officials in investigating claimed violations of any paid sick leave law (including the HWHFA), cooperating or participating in any investigation, administrative hearing or judicial action regarding an alleged violation, opposing

Because exempt employees receive their full salary during weeks in which they work, all exempt employees who need lactation accommodation breaks do not need to report any extra break time as "unpaid."

The Company will provide employees with the use of a room or other location to express milk in private. The lactation room or other location will not be a bathroom and will be safe, clean, free from hazardous materials, in close proximity to the employee's work area, shielded from view and free from intrusion by co-workers and/or the public. This location may be the place where the employee normally works, if applicable. The lactation room or other location will include a surface on which to place a breast pump or other personal items, a place to sit and electricity or alternative devices (e.g., an extension cord or charging station) needed to operate an electric or battery powered breast pump. Lactating employees who pump breastmilk will also have access to a sink with running water and a refrigerator or alternative cooling device suitable for storing milk in close proximity to their workspace.

A room or other location identified for lactation may also be used for other purposes. However, during times when an employee is using the location for lactation purposes, that use will take precedence over all other uses. Employees who have questions or concerns related to lactation room scheduling conflicts should contact their supervisor or a Human Resources representative. Any non-exempt employee who is not provided with a break as requested to express milk, should immediately contact Human Resources.

Lactation is considered a pregnancy-related condition under California law.

Employees who wish to request lactation accommodation should contact Human Resources. If the Company cannot provide break time or a location that complies with this Lactation Accommodation policy, the employee requesting the accommodation will be notified in writing.

The Company will not discriminate or retaliate against an employee who requests or uses a lactation accommodation in accordance with this policy or otherwise exercises their rights under California's lactation accommodation law. Employees who feel their lactation accommodation rights have been violated can file a complaint with the California Labor Commissioner's Office.

## FAMILY LEAVE (FMLA AND CFRA)

# Family and Medical Leave

The Company will grant family and medical leave in accordance with the requirements of applicable federal and state law in effect at the time the leave is granted. Although the federal and state laws have different names, the Company refers to the federal Family and Medical Leave Act (Fed-FMLA) and the California Family Rights Act (CFRA) collectively as "FMLA Leave." In any case, employees will be eligible for the most generous benefits available under applicable law.

# Employee Eligibility

To be eligible for FMLA/CFRA Leave, employees must: (1) have been employed by the Company for a total of at least 12 months (not necessarily consecutive); (2) have worked at least 1,250 hours during the previous 12 months immediately prior to the start of the leave; and (3) (Fed-FMLA only) have worked at a location where at least 50 employees are employed by the Company within 75 miles of the employee's worksite, as of the date the leave is requested. Eligibility requirements may differ for employees who have been on a protected military leave of absence. If employees are unsure whether they qualify for FMLA-Leave, they should contact Human Resources.

### Reasons for Leave

Federal and state laws allow FMLAFamily Leave for various reasons. Because employees' legal rights and obligations may vary depending upon the reason for the FMLA-Leave, it is important to identify the purpose or reason for the leave. Fed-FMLA leave and CFRA leave run concurrently except for the following reasons: to care for a child without regard to age or dependency status, registered domestic partner, a child of a registered domestic partner, grandparent, grandchild, parent-in-law, sibling or designated person(s) (CFRA only), incapacity due to pregnancy or

### Benefits During Leave

The Company will continue making contributions to employees' group health benefits during their leave on the same terms as if the employees had continued to actively work. This means that if employees want their benefits coverage to continue during their leave, they must also continue to make the same premium payments that they are now required to make for themselves or their dependents. Employees taking leave for a reason that is common to both Fed-FMLA and CFRA and, therefore, leave is running concurrently, will generally be provided with group health benefits for a 12-workweek period. When employees take leave for a reason that is not common to both Fed-FMLA and CFRA and, therefore, leave is running consecutively, the Company will continue the employee's health insurance benefits for up to a maximum of 12 workweeks in a 12-month period during each applicable leave. Employees taking Military Caregiver Leave may be eligible to receive group health benefits coverage for up to a maximum of 26 workweeks. In some instances, the Company may recover premiums it paid on an employee's behalf to maintain health coverage if the employee fails to return to work following FMLA Leave.

An employee's length of service will remain intact, but benefits such as vacation and sick leave maywill not accrue while on an unpaid FMLA/CFRA Leave.

#### Job Reinstatement

Under most circumstances, employees will be reinstated to the same position they held at the time of the leave or to an equivalent position with equivalent pay, benefits and other terms and conditions of employment. If an employee becomes unqualified during CFRA leave as a result of not attending a necessary course, or renewing a license, the employee will be given a reasonable opportunity to fulfill those conditions upon returning to work. Further, the Company may grant an employee's request to work a different shift, in a different or better position, or in a different location, that is better suited to the employee's personal needs upon returning from CFRA leave. The Company will also consider a reasonable accommodation under the FEHA if the employee is returning from CFRA leave for his or her own serious health condition. However, employees have no greater right to reinstatement than if they had been continuously employed rather than taken leave. For example, if an employee would have been laid off or his or her position would have been eliminated even if he or she had not gone on leave, then the employee will not be entitled to reinstatement. However, if an employee has been replaced or the employee's position was restructured to accommodate the employee absence, the employee is entitled to reinstatement.

Prior to being allowed to return to work, an employee wishing to return from a Serious Health Condition Leave must submit an acceptable release from a health care provider that certifies the employee is able to resume work. For an employee on intermittent or reduced schedule—FMLA Leave, such a release may be required up to once every 30 days if reasonable safety concerns exist regarding the employee's ability to perform his or her duties, based on the serious health condition for which the employee took the intermittent or reduced schedule leave.

For Fed-FMLA purposes only, key employees may be subject to reinstatement limitations in some circumstances. If employees are considered a "key employee," those employees will be notified of the possible limitations on reinstatement at the time the employee requests a leave of absence, or when leave begins, if earlier.

#### Confidentiality

Documents relating to medical certifications, recertifications or medical histories of employees or employees' family members will be maintained separately and treated as confidential medical records, except that in some legally recognized circumstances, the records (or information in them) may be disclosed to supervisors and managers, first aid and safety personnel or government officials.

### Fraudulent Use of FMLA/CFRA Leave Prohibited

An employee who fraudulently obtains FMLA Leave from the Company is not protected by the Fed-FMLA's or the CFRA's job restoration or maintenance of health benefits provisions. In addition, the Company will take all available appropriate disciplinary action against an employee due to such fraud.

The Company will not discriminate or retaliate against any employee because of the employee's status as a victim of crime or abuse, if the employee provides the Company notice of such status, the Company has actual knowledge of such status, or the employee takes or requests leave in accordance with this policy.

Employees who have questions about this policy or who wish to request a leave of absence under this policy should contact their Human Resources representative.

#### REPRODUCTIVE LEAVE

The Enterprises will provide leave to employees that would have been the parent of a child born or adopted. Elizible employees can receive up to five (5) days of leave for a reproductive loss event. Employees can, but do not have to, take their leave days consecutively. This means they can choose to take all five days at once or break up the days over a longer period, as long as their leave is completed within three months of the reproductive loss event. To be eligible, the employee must have worked for at least 30 days.

When a single reproductive loss event occurs over several days, the law treats it as one event. If an employee experiences more than one reproductive loss event in a year, they are entitled to no more than 20 days of reproductive loss leave in that one-year period unless an individual employer's leave policy provides for more time.

#### DEFINITIONS

A reproductive loss event is any of the following:

- Miscarriage
- Stillbirth
- Failed adoption for example, if a birth mother or legal guardian breaches or dissolves an adoption agreement, or
  if an adoption is not finalized for another reason
- Failed surrogacy for example, if a surrogate breaches or dissolves a surrogacy agreement, or if an embryo transfer fails
- Unsuccessful assisted reproduction for example, a failed intrauterine insemination or embryo transfer

#### LEAVE TO ATTEND JUDICIAL PROCEEDINGS RELATED TO CERTAIN FELONIES

The Company prohibits discrimination against an employee who wishes to take time off from work to attend judicial proceedings related to certain violent, serious or theft/embezzlement related felonies committed against the employee, the employee's immediate family member, the employee's registered domestic partner or a child of the employee's registered domestic partner.

"Immediate family member" is defined as an employee's spouse, child, stepchild, brother, stepbrother, sister, stepsister, mother, stepmother, father or stepfather.

Before an employee may be absent from work to attend a judicial proceeding, the employee must give the employer a copy of the notice of each scheduled proceeding that is provided to the victim by the agency responsible for providing notice, unless advance notice is not feasible. When advance notice is not feasible or an unscheduled absence occurs, the employee must provide within reasonable time documentation evidencing the judicial proceeding from (1) the court or government agency setting the hearing; (2) the district attorney or prosecuting attorney's office; or (3) the victim/witness office that is advocating on behalf of the victim.

warranting confidentiality will be handled appropriately and information will be disclosed to others only on a need to-know basis. The Enterprises will actively intervene at any indication of a possibly hostile or violent situation.

Human Resources takes reasonable risk reduction measures by conducting background investigations and reference checks on new full-time employees and those in sensitive positions to help reduce the risk of hiring individuals with a history of violent behavior.

The Enterprises participates in the University's proactive program in establishing a climate in which individuals know how and when to respond to the threat of violence.

Threats, threatening conduct, or any other acts of aggression or violence in the workplace will not be tolerated. Any employee determined to have committed such acts will be subject to disciplinary action, up to and including termination of employment, expulsion from the University or civil or criminal prosecution, as appropriate. Non-employees engaged in violent acts on the campus will be reported to the proper authorities and fully prosecuted.

#### PAY TRANSPARENCY NONDISCRIMINATION PROVISION

Enterprises will not discharge or in any other manner discriminate against current employees or applicants because they have inquired about, discussed or disclosed their own pay or the pay of another employee or applicant. However, employees who have access to the compensation information of other Enterprises employees or applicants as a part of their essential job functions (such as those employees who have administrative privileges in the payroll system, erany employee working in Human Resources, any employee involved in budgeting or accounting) cannot disclose the pay of other employees or applicants to individuals who do not otherwise have access to compensation information, unless the disclosure is (a) in response to a formal complaint or charge, (b) in furtherance of an investigation, proceeding, hearing or action, including an investigation conducted by the Enterprises, or (c) consistent with the Enterprises' legal duty to furnish information.

Employees who believe they have been subject to harassment or discrimination under any of the above areas should contact the Chief Human Resources Officer, 909-869-2948, or the Enterprises Chief Executive Director/CEOOfficer.

#### WHISTLE BLOWER PROTECTION

Enterprises employees are prohibited from engaging in any improper governmental activities or activities that create significant threats to the health and/or safety of the campus community in the performance of their work duties. Enterprises employees and applicants for Enterprises employment should be free to report waste, fraud, abuse of authority, violation of law or threat to public health at the Enterprises without fear of retribution. No individual who makes a protected disclosure or participates in an investigation concerning allegations of improper governmental activity or the existence of a condition that may significantly threaten the health or safety of employees or the public shall for that reason be subjected to personnel action in addition to any penalty or civil liability provided by law. Employees or applicants for employment who believe that they have suffered reprisal, retaliation, threats, coercion or similar acts for having made a protected disclosure may file a written retaliation complaint with their supervisor, manager or directly with the Enterprises Human Resources Department at extension 2958, 2953 or 4378. The complaint alleging retaliation must be signed by the complainant and contain a sworn statement that the contents of the written complaint are true or believed by the complainant to be true, under penalty of perjury.

#### COOPERATION DURING AN INVESTIGATION

Although uncommon, it can become necessary for any employee to become involved in an internal investigation regarding a suspected policy violation. You must cooperate fully during any investigation or fact-finding we conduct unless you are informed that cooperation is voluntary. In any investigation, we expect honesty above all. This is true whether you are the complaining party, the accused party, or potential witness.

#### NON-RETALIATION

The Enterprises encourages reporting of all perceived incidents. It is the policy of the Enterprises] to promptly and thoroughly investigate such reports. Enterprises prohibits retaliation against any individual who reports discrimination or harassment or participates in an investigation of such reports or provide cooperation during an investigation. Retaliation is a violation of this policy and may result in discipline, up to and including termination. No employee will be discriminated against, or discharged, because of bringing a good faith complaint forward or assisting in an investigation.

Retaliation is itself a violation of this policy and is a serious offense. Complaints regarding allegations of reprisal should be immediately brought to the attention of Chief Human Resources Officer. Retaliation includes any threat, discipline, discharge, demotion, suspension, reduction in employee hours, or any other adverse employment action against an employee for exercising their rights or participating in an investigation.

#### SECTION 14 CONFLICT RESOLUTION

The Conflict Resolution Policy, Policy #206 as posted on the Enterprises' website, provides employees with a formal procedure for the resolution of problems arising in the course of their employment in a fair and orderly fashion if such problems cannot be resolved informally. Conflict Resolution Steps:

- The employee should first discuss the problem with their immediate supervisor.
- If the meeting does not resolve the problem, the problem should be stated in writing to the immediate supervisor. The supervisor will respond in writing.
- If the employee is not satisfied with the supervisors written response, the employee may appeal in writing to the next level of authority up to and including the Executive Director/CEO.

#### SECTION 15 PERSONNEL RECORDS

#### RIGHT TO REVIEW

Employees have a right to inspect certain documents in their personnel file - in the presence of an Enterprises Human Resources Representative at a mutually convenient time. A written request should be presented to a representative of the Human Resources Department to review records. Copies of documents are not permitted with the exception of documents that have been previously signed by the employee. An employee may add their version of any disputed item to the personnel file.

#### EMPLOYEE REFERENCES OR VERIFICATIONS

All official requests for references or employment verifications on behalf of the Enterprises must be directed to the Human Resources Department. No other manager, supervisor or employee is authorized to release references or employment verifications for current or former employees.

Generally, the Enterprises' practice relating to references or employment verification for current or present employees is to confirm the employee's name, position title, dates of employment, rate of pay (with employee authorization) and whether or not the employee is eligible for re-hire.

This policy is not intended to interfere with the ability of a unit manager to issue letters of reference when requested by \* individual current or former employees. Letters of reference, if so written, are voluntary and should not be written on Enterprises letterhead unless approved to do so by the Executive Director/CEO. <a href="It is highly recommended that individuals">It is highly recommended that individuals</a> seek feedback from Human Resources to ensure that a reference is appropriate.

#### CHANGE OF PERSONAL RECORD INFORMATION

It is each employee's responsibility to update their personal information whenever a change of address, telephone number or other important personal information has been changed. All active employees may access the payroll system to update their personal information.

#### SECTION 16

#### MISCELLANEOUS PROGRAMS AND RECREATIONAL ACTIVITIES

The Enterprises or its insurer will not be liable for the payment of workers' compensation benefits for any injury that arises out of an employee's voluntary participation in any off-duty recreational, social or athletic activity that is not part of the employee's work-related duties.

#### 403(B) TAX DEFERRED ANNUITIES

Employees may participate in the Enterprises' 403(b) plan. Funds withheld in a 403(b) are not taxed as income until it is withdrawn (usually at retirement). If an employee is interested in participating in a 403(b) or would like more information, please contact Human Resources or visitreview the Enterprises websiteBenefit Guide.

#### 457(B) PLANS

All employees (except student employees) are permitted to elect pre-tax payroll contributions at their discretion as soon as they become employed with Enterprises. If an employee is interested in participating in a 457(b) or would like more information, please contact Human Resources or visitreview the Enterprises website:

#### AFLAC

(Regular Benefited Employees ONLY)

The AFLAG program allows eligible employees to enroll in two Flexible Spending Accounts and a variety of supplemental employee benefits plans. AFLAC's Flex One cafetoria plan (un reimbursed medical expenses) allows an employee to set acide pre-tax dellars to use for specific un reimbursed medical, dental and vision expenses. Additionally, the Flex Spending Account provides for a dependent care account to permit an employee to set acide pre-tax dellars to use for dependent care expenses.

AFLAC also offers eligible employees other supplemental plans including Personal Assident Expense Plan, Personal Short Term Disability Plan, Personal Cancer Indomnity as well as other plans. For a complete description of AFLAC Plans, please contact the Human Resources Department. Open enrollment is held during the month of November each year and plans are effective January through December. Benefit Guide.

#### USE OF CAMPUS FACILITIES

Employees may use any public campus dining facilities including Campus Center Marketplace, Bronco Student Center, CenterPointe Dining Commons, Innovation Brew Works, various Cafés, and Kellogg West Restaurant (discounts may apply). Kellogg West Hotel & Conference Center, the Bronco Bookstore, and all other public-facing services are also available (discounts may apply).

The University's physical education facilities are primarily used for instructional purposes, however, they are available for use by employees, as designated by the Health, Physical Education and Recreation Department. Library services are also available to all employees who provide appropriate identification.

Subject: PARS Vacation/Sick Leave Conversion Program

The PARS Vacation/Sick Leave Conversion Program provides eligible employees a supplemental retirement plan as part of the overall company benefits program. It allows eligible employees to convert a portion of unused leave balances to cash and then contribute those funds directly into the employees PARS 457(b) individual account. The percentage of participation is fully elective by an eligible employee and the option to convert occurs on an annual basis. A regular, full-time benefited employee is eligible to participate in the Conversion Program once they have completed at least 4 years of full-time service.

Employees who desire to convert vacation time must have at least 160 hours of accrued vacation and have taken a minimum of 40 hours of vacation over the previous 12 months of employment preceding the current plan year. A maximum conversion of 100 hours of vacation time may occur. The resulting vacation balance may not fall below 160 hours due to converting hours.

Employees who desire to convert sick leave must have more than 320 hours of sick leave available, and then may convert up to 100 sick leave hours for hours in excess of 320. A sick leave balance may not fall below 320 hours due to converting hours.

The annual renewal of this employee benefit is designed to ensure that the financial obligations of the organization are being met prior to Board approval. The annual forecast for 2023-2024 currently shows a net surplus of almost \$4.6M after all annual financial obligations are paid. This compares to \$286,352 in estimated eligible contributions for FY 23/24. Based on historical participation and conversion levels, an approximate forecast of conversion is \$171,653. Any converted vacation will not result in an additional expense as those balances have already been accrued.

Eligible employees were invited to an online training session on April 26, 2024 delivered by representatives from John Hancock and PARS to learn about the advantages and disadvantages of converting leave with the program, along with investment information.

#### PROPOSED ACTION:

Management and the Personnel Committee are recommending the Board of Directors approve the annual renewal of the PARS Vacation/Sick Leave Conversion Program.

**BE IT RESOLVED**, that the Board of Directors has reviewed and approved the PARS Vacation/Sick Leave Conversion Plan for fiscal year 23/24, as presented.

PASSED AND ADOPTED THIS DAY 29th DAY OF MAY 2024.

John McGuthry, Secretary/Treasurer
Board of Directors

Subject: Longevity Pay Plan Eligible Contribution – Participants Deferred Compensation Account

The Board of Directors acted on May 25, 2010 to adopt the Foundation's Longevity Pay Plan (FLPP). The purpose of the FLPP is to encourage employment longevity and offer some level of benefit to employees who are not eligible for our post-employment healthcare benefits. The FLPP program applies to regular, full-time benefited employees hired on or after March 1, 2009, and have 10 or more years of service. The organization may make, at its annual discretion, non-elective Employer contributions to a FLPP Participant's Deferred Compensation Account. The contribution is calculated using the below schedule:

| Years of Completed Service | Compensation Factor |
|----------------------------|---------------------|
| 10                         | 2%                  |
| 11                         | 2.5%                |
| 12                         | 3%                  |
| 13                         | 3.5%                |
| 14                         | 4%                  |
| 15                         | 5%                  |
| 16                         | 5.5%                |
| 17                         | 6%                  |
| 18                         | 6.5%                |
| 19                         | 7%                  |
| 20                         | 10%                 |
| 25+                        | 15%                 |

Company contributions are reviewed annually by the Board and are discretionary. Participants that receive a Foundation Contribution to the Plan will be immediately 100% vested. Currently there are seventeen (16) regular, full-time benefited employees that are eligible to participate; the company's total contribution to the Participant's Deferred Compensation Accounts is \$40.002.35

**PROPOSED ACTION:** Management and the Personnel Committee are recommending that the Board of Directors approve the annual funding of the Foundation Longevity Pay Plan Program as presented.

**BE IT RESOLVED**, that the Board of Directors has reviewed and approved the resolution to renew the Foundation Longevity Pay Plan Program with a contribution amount of \$40,002.35, as presented, and that upon approval of this resolution, the CEO and CHRO are authorized and directed to take any and all action as may be necessary to effectuate this Resolution.

PASSED AND ADOPTED THIS 29TH DAY OF MAY 2024

John McGuthry, Secretary/Treasurer Board of Directors

# **Subject: Transfer to Auxiliaries Multiple Employer VEBA**

Beginning in the fiscal year ended June 2011, the organization has participated in the Auxiliaries Multiple Employer VEBA (Voluntary Employees' Beneficiary Association). The Auxiliaries Multiple Employer VEBA is a separate 501(c)(9) organization established in August 2010 to assist in funding post-retirement healthcare benefits for recognized auxiliaries of the California State University System.

The Foundation contributed \$1.0M to this account on an annual basis until fiscal year 2019-2020. The contributions were halted in FY19-20 due to the impact of the COVID-19 pandemic and subsequent cost-cutting measures. Management restarted annual VEBA contributions in fiscal year 22-23.

Fiscal year 23/24 has been strong with a forecasted total net surplus of \$4.6M. Management intends to continue the historic contribution of \$1.0M to reduce interest costs associated with the Enterprises' obligation while decreasing the Actuarial Accrued liability (AAL). The transfer is expected to be made prior to June 30, 2024.

**Attached:** Final Report: Cal Poly Pomona Pre-Award Audit

**Subject: CalTrans Pre-Award Audit Results** 

Periodically, funding agencies (grantors) perform pre-award audits specific to project costs associated with funding that they have provided. CalTrans, which had provided previous funding and is planning to do so again, undertook such an audit that ended on April 15, 2024. The CalTrans Internal Audit Office (CIAO) evaluated payroll, accounts payable, procurement, contracts management, and the overall accounting system. The final report is attached.

CIAO found that *CPPF's accounting system <u>does</u> accumulate and allocate reasonable and allowable project costs*. This is the needed positive result that maintains our position as an appropriate grantee for CalTrans awards.

However, CIAO identified three areas to be improved. They include:

- CPPF's Schedule of Expenditure of Federal Awards (SEFA) for the fiscal year ending in 2022 does not reconcile with Caltrans' accounting system.
- CPPF paid unnecessary gratuities to the overall Federal award performance.
- CPPF's hours for salary reimbursement are not consistently listed on all invoices.

Proposed enhancements were submitted to CalTrans on April 12, 2024. CalTrans accepted those submissions and included them in the report as attachments. Management has already taken steps to put these changes into effect.

Internal Audits Of

Based on the audit, CIAO determined CPPF's accounting system does accumulate and allocate reasonable and allowable project costs. However, the auditors found the following deficiencies:

- CPPF's Schedule of Expenditure of Federal Awards (SEFA) for the fiscal year ending in 2022 does not reconcile with Caltrans' accounting system.
- CPPF paid unnecessary gratuities to the overall Federal award performance.
- CPPF's hours for salary reimbursement are not consistently listed on all invoices.

# **SUMMARY**

The Caltrans Internal Audits Office (CIAO), of the California Department of Transportation (Caltrans), audited the payroll, accounts payable, and procurement processes of the Cal Poly Pomona Foundation (CPPF). CIAO found that CPPF's financial system accumulates, and segregates costs based on project and funding profiles. Upon testing three separate contracts and obtaining general employee timesheet and procurement samples, CIAO found issues of non-compliance with CPPF's internal control data reliability regarding their 2022 Schedule of Expenditure of Federal Awards (SEFA), and with CPPF's contract management and payroll. The issue found with contract management concerned tips or gratuities paid; and payroll involved CPPF not consistently billing salary hours on invoices.

# **AUDIT OBJECTIVES**

The objectives of the audit are to determine whether:

- CPPF's cost accounting system can accumulate and segregate reasonable, allocable, and allowable project costs.
- CPPF's policies and procedures are adequately supported in accordance with Federal and State regulations, as well as Caltrans agreement provisions.

# **AUDIT SCOPE**

The audit focused on CPPF's financial management system, including payroll, accounts payable, and procurement. Auditors tested the financial management system's internal controls and evaluated the ability of CPPF's accounting system to determine if it could accumulate and segregate reasonable, allocable, and allowable costs that can be effectively allocated to projects. The audit was limited to financial and compliance activities from August 1, 2019, to August 1, 2023. Testing was completed on March 18, 2024. The conclusion is not applicable to changes to the financial management system after this date because they were not tested.

CPPF is responsible for the design and maintenance of their financial management system. Due to inherent limitations in any system, there is always a risk of mistakes or fraudulent activities going undetected. Projections of evaluations for the financial management system and procurement process for future periods are subject to the risk that the financial management system may become inadequate due to changes in conditions, or the degree of compliance with the policies and procedures may deteriorate.

# **METHODOLOGY**

This audit was conducted in accordance with the Generally Accepted Government Auditing Standards. Auditors believe the evidence obtained in accordance with those standards provides a reasonable basis for findings and conclusions based on the audit objectives. The audit was less in-scope than an audit performed for the purpose of expressing an opinion on the financial statements of the CPPF. Auditors did not audit the financial statements and are therefore not expressing an opinion on them.

The audit consisted of interviewing CPPF personnel, reviewing prior audit reports, and requesting information from CPPF personnel to gain an understanding of CPPF's financial management system. CIAO evaluated its compliance with Title 2 Code of Federal Regulations (CFR) Part 200, Public Contracting Code (PCC), and Local Assistance Procedure Manual (LAPM). CIAO also tested the internal controls, the procurement process, and evaluated the accounting system's ability to accumulate and segregate reasonable, allocable, and allowable costs that can be effectively allocated to projects.

# VIEWS OF RESPONSIBLE OFFICIALS

CIAO's findings and recommendations considers the CPPF's response to the April 8, 2024, dated draft report. A copy of CPPF's full written response is included as Attachment A.

If you have questions, please contact Ben Shelton, Audit Chief, at (916) 858-9694, or by e-mail to <u>mailto:Audits@dot.ca.gov</u>.

# CONCLUSION

Based on the audit, CIAO determined CPPF's accounting system does accumulate and segregate project costs. However, CIAO found the following deficiencies:

- 1. CPPF's Schedule of Expenditure of Federal Awards (SEFA) for the fiscal year ending in 2022 does not reconcile with Caltrans' accounting system.
- 2. CPPF paid unnecessary gratuities to the overall Federal award performance.
- 3. CPPF's hours for salary reimbursement are not consistently listed on all invoices.

# FINDINGS AND RECOMMENDATIONS

# **FINDING ONE: INTERNAL CONTROLS**

#### SUMMARY OF FINDING

During review of CPPF's internal control process, auditors noted the Federal expenditures amounting to \$43,370 for the Caltrans contract number 88A0122 for the fiscal year ending in 2022 SEFA. The discrepancy found was that the payment period (the fiscal year ending in 2022) and the dollar amount (\$43,370) did not reconcile with Caltrans' accounting system. The Caltrans accounting system shows a payment of \$61,190.35 was paid to the foundation on February 20, 2019; which is outside of the fiscal year ending in 2022, however, according to CPPF's 2022 SEFA, Caltrans contract number 88A0122 was incurred in Fiscal year 2022.

#### CRITERIA

#### Title 2, Code of Federal Regulations (CFR), Part 200 excerpts:

#### 2 CFR 200.302(b)(2) and (b)(3) Financial Management:

(b)(2) Accurate, current, and complete disclosure of the financial results of each Federal award or program in accordance with the reporting requirements set forth in §§ 200.328 and 200.329.

(b)(3) Records that identify adequately the source and application of funds for federally funded activities. These records must contain information pertaining to Federal awards, authorizations, financial obligations, unobligated balances, assets, expenditures, income, and interest and be supported by source documentation.

# CIAO RECOMMENDATIONS

1. CPPF will develop or update financial management system procedures to ensure annual federal awards expended are separated, accumulated, and reported in the single audit report consistent with 2 CFR 200.507(b)(2).

### SUMMARY OF AUDITEE'S RESPONSE

We concur.

CPPF will conduct a detailed review of the Single Audit Draft statement before sending approval to the CFO and Executive Director to ensure information has been accurately entered by Auditors.

The CPPF SEFA policy GC 110 has been updated to include the following statement:

"Once the Draft Single Audit is received from the auditors, Grants Specialist will review the report to ensure details are presented in alignment with the submitted SEFA and will be approved by the Grants Manager."

#### ANALYSIS OF AUDITFE'S RESPONSE

CIAO appreciates the CPPF's response and acknowledges the steps that will be taken to implement recommendations.

# **FINDING TWO: CONTRACT MANAGEMENT**

# SUMMARY OF FINDING

During review of CPPF's contract management processes, auditors determined CPPF paid their bus driver gratuities or tips that were unnecessary to the overall operation of a CPPF Caltrans contract. The CPPF invoice numbered AR253116, dated November 29, 2023, for the "National Summer Transportation Institute," Caltrans contract numbered 88A0161 detailed three instances where bus driver gratuities of 15% were paid. The gratuities were paid in the amounts of \$213.45, \$122.85, and \$142.50; totaling to \$478.80.

# **CRITERIA**

#### Title 2, Code of Federal Regulations (CFR), Part 200 excerpts:

# 2 CFR 200.405(a) Allocable Costs:

(a) A cost is allocable to a particular Federal award or other cost objective if the goods or services involved are chargeable or assignable to that Federal award or cost objective in accordance with relative benefits received. This standard is met if the cost:

(1) Is incurred specifically for the Federal award;

- (2) Benefits both the Federal award and other work of the non-Federal entity and can be distributed in proportions that may be approximated using reasonable methods; and
- (3) Is necessary to the overall operation of the non-Federal entity and is assignable in part to the Federal award in accordance with the principles in this subpart.

### CIAO RECOMMENDATIONS

- 2(a) CPPF key personnel will complete the Caltrans, Division of Local Assistance's (DLA) Contract Management training.
- 2(b) CPPF will update their grant or contract management policies and procedures to ensure only allowable and eligible costs are invoiced consistent with Federal and State requirements.

# SUMMARY OF AUDITEE'S RESPONSE

We concur.

CPPF will have 2 Grant & Contract staff members to complete Caltrans Division of Local Assistance Contract Management Training as soon as possible. CPPF has updated grant and contract management policies and procedures to ensure that all costs charged to the project must be allowable, reasonable, and necessary to the project.

# ANALYSIS OF AUDITEE'S RESPONSE

CIAO appreciates the CPPF's response and acknowledges the steps that will be taken to implement recommendations.

# **FINDING THREE: PAYROLL**

# SUMMARY OF FINDING

During review of CPPF's contract management processes, auditors documented that CPPF did not consistently list hours worked on all invoices when billing for salary reimbursement. Invoice elements listed in the STD. 213 Cal Poly Pomona-Final, Exhibit B3 for the Caltrans contract numbered 88A0161 specifies "Time Worked" as part of the requirements for invoice elements.

# Welcome Back, Tariq!

Cal Poly Pomona Enterprises is pleased to announce that Tariq Marji has been appointed Interim CFO, effective April 15, 2024.

In his new role, Mr. Marji will oversee all financial departments, ensuring compliance with audit requirements and keeping our Enterprises informed on fiscal policies and financial matters. He will report directly to Jared Ceja, Chief Executive Officer of CPPE.

With more than 25 years of leadership in the CSU auxiliary system, Mr. Marji has demonstrated his ability in managing complex financial operations and fostering substantial growth. His career has been marked by exemplary leadership in the management of grants administration, children center, commercial operations, LA BioSpace Innovation center, risk management, and strategic organizational success.

His previous roles include serving as the Executive Director for Cal State L.A. University Auxiliary Services, Inc., where he provided administrative and executive leadership for a range of auxiliary operations. Before that, he was the Chief Financial Officer and Treasurer at CSUF Auxiliary Services Corporation, where he managed the financial stewardship of the organization for over thirteen years. Mr. Marji's professional journey also includes tenure as the General Financial Manager at Cal Poly Pomona Enterprises. Prior to working in higher education, Mr. Marji had a diverse professional career in the private sector including hotel services, property management, and manufacturing industries.

Mr. Marji received a master's degree in business administration from Woodbury University and has served as a Trustee for the Auxiliaries Multiple Employer Voluntary Employees' Beneficiary Association (VEBA), Treasurer for the National Association of College Auxiliary Services West (NACAS West), and various leadership roles within the Auxiliary Organization Association (AOA).

Subject: Negotiated F&A Rate

To evaluate the appropriate facilities and administrative ("F&A") rate, CPPF contracted with Attain Partners Consulting to compile and assess the cost and fringe benefit rates based on relevant data.

In December 2023, CPPF submitted a proposal for a new F&A rate to the Department of Health and Human Services, the responsible federal audit agency.

However, the Department of Health and Human Services has a large number of pending proposals and has not yet processed CPPF's proposal. While we await their response, CPPF will continue to use the current rate of 47%.
